Design Brochure

Schindler

Freedom of design

Create the look and feel of your elevator just the way you always imagined it.
Our different design lines give you the freedom of choice,
from preconfigured cars to your own concept, from functional to sophisticated.

Contents

The 4 design lines “Navona”, “Times Square”, “Park Avenue“ and “Sunset Boulevard” provide you with a wide range of decoration.

Choose your design solution to match your architectural styling concept and ideas.

Add ambiance with modern, fresh colors and patterns, selected materials and lights to provide a unique ride experience.

Navona 4

Times Square 12

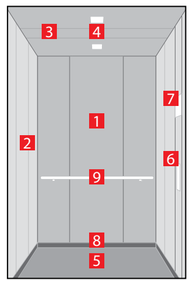
Park Avenue 20

Sunset Boulevard 28

Navona

Functional and durable
Provide clarity and solid comfort to your car with this robust design line.
Fresh colors, a contrasting rear wall, the option of three different floors or a bare floor make Navona the right choice for residential applications.
Stainless steel can be added to rear and side walls.
Navona's interior stands for long lasting functionality right where it is needed.

Navona
Riga Grey & Capri Yellow



1. **Rear wall:** Painted Riga Grey
2. **Side wall:** Painted Capri Yellow

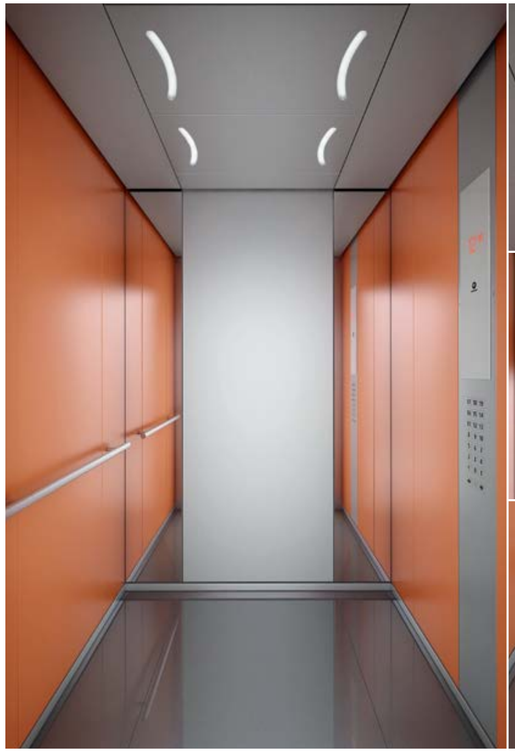
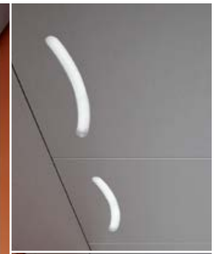
Times Square

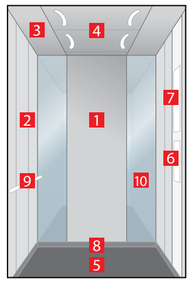
Modern and versatile

Determine your contemporary look. Choose from warm or cool colors to create a fresh look or combine the options to enhance contrast for more depth. Select glass doors and walls for transparency. Use a bare car option to create your style and taste. Times Square adds distinctive features to any public, commercial or residential building.





Times Square
Lucerne Brushed & Tangier Orange



1. **Rear wall:** Stainless steel Lucerne Brushed
2. **Side wall:** Laminate Tangier Orange

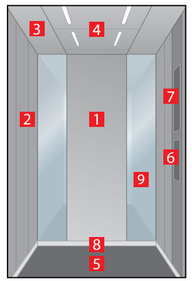
Park Avenue

Sophisticated and elegant
Discover pure elegance with back painted glass walls or choose wood laminate to create a more contemporary ambiance. The optional wave design, a rounded transition from ceiling to rear wall, gives your car a unique appearance.
An additional highlight is a gold or silver shimmer from our metallic glass collection or a bronze or satinated grey finish on stainless steel. Matched lighting perfects the stylish design of this elevator – an ideal fit for representative buildings like high-end residential, hotels and offices.

Park Avenue
Zurich Dark Brushed & Vancouver Wood



1. **Rear wall:** Stainless steel Zurich Dark Brushed
2. **Side wall:** Laminate Vancouver Wood
3. **Ceiling:** Stainless steel Zurich Dark Brushed

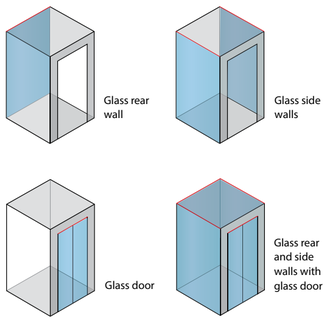
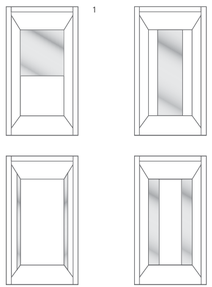
Options

Glass walls and doors for more transparency
Experience maximum visibility and unique views like never before. Select from a wide range of glass doors that suit your application. Glass can be selected for side and rear walls of the car for complete transparency or combined with other car interior materials from the Times Square, Park Avenue and Sunset Boulevard design lines.

Frames for glass walls are available in two stainless steel finishes

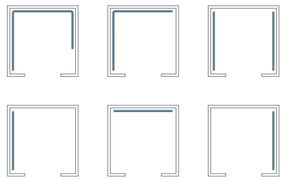


Mirrors
Mirrors always add a special sense of space to rooms and buildings. In order to give your car more appeal and depth, the side walls or the rear wall can be provided with a full-height or half-height safety-glass mirror.



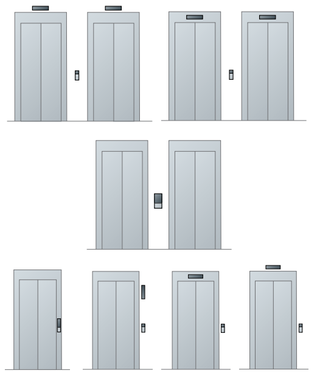
- [1] For Navona: only rear wall, half height and full width available
- Only without handrail for right and / or leftmost panel
- Mirror versions: Clear or Smoked
- Attention: if EN81-70 (handicapped version): mirror is frosted in bottom part (300 mm)

Handrails
Even though your elevator travels smoothly and with almost no sound, handrails convey a feeling of security.
Stainless steel handrails match the interior and shapes of your car and can be mounted to the side and rear walls.



- Handrails on side wall combined with COP only if cabine depth ≥ 1100 mm

Landing arrangement
The Schindler 5500 fixtures and landing indicators help passengers to find the way to the elevator and get to their selected destination comfortably. Choose your optimal landing arrangements for simplex and multiplex installations, surface or wall mounting.



Fixtures
Linea 100

Functional design in stainless steel. Integrated white glass display with large, easily readable red LED dot matrix. Clear push buttons with red call confirmation.

Available for Navona and Times Square.

Optional features:
- Concealed attendant box
- Key switches
- Braille on buttons

Fixtures
Linea 300

The Linea 300 car operating panel, landing operating and landing indicating panels are made from stainless steel and glass combining longevity and design at its best. Push buttons with braille and clearly visible indicators in the car and on the floors make the elevator user-friendly for everyone. The panels are easy to clean and guarantee a well-maintained look in the elevator's daily operation.

Available for Times Square, Park Avenue, Sunset Boulevard and bare car.

Optional features:
- TFT LCD screen
- Concealed attendant box
- Different mounting options for landing fixtures
- Key switches
- Card reader
- Braille on buttons
